April 1, 2014

To Valued Sponsors, Listeners, and Friends:

On March 31, 2014 KBEK 95.5 FM suspended broadcast and the station will undergo a review of its finances and organizational structure. We will continue to maintain office functions and can still be reached by phone, fax or e-mail. Future plans for the station are currently undetermined.

Thank you for the generous sponsor and listener support. Despite many challenges, losses, and changes, it has been a tremendously meaningful experience. We provided a valuable service and I am proud to have been a part of that effort. KBEK touched people's lives and communicated information about life in our area in such a way that we all became more connected to each other. I hope that the contributions of all those at KBEK who brought you live and local radio will be recognized and remembered.

For more than 18 years I've been privileged to bring you "Songs from the Best Times of Your Life," and in doing so, I've had the time of my life. Again, thank you.

Sincerely,

Colleen McKinney
